

You'd do anything for your family.  
Schedule your mammogram today.

**October Is Breast Cancer Awareness Month**

A screening mammogram is important for early detection of breast cancer. It can, in some cases, detect a lump in the breast before you or your physician can feel it.

That's why the American Cancer Society recommends a screening mammogram for all women age 40 and older or those considered to be at risk.

So do it for yourself. Do it for your family. But please, do it now.

Call 479-757-4135 to schedule your mammogram today.

For more information, visit our website at [www.northwesthealth.com/breasthealth](http://www.northwesthealth.com/breasthealth).
